

# FOIL SAGGAR WORKSHOP

WITH PETER FLYNN

SATURDAY DECEMBER 3<sup>RD</sup> FROM 9:00 TO 4:00

FROM 9:00 TO 2:00 WORKSHOP FEE \$120.00

## Workshop Description:

Explore the magic of foil saggar in this 8 – hour workshop. You will need to have 4 pieces that have been either been polished with terra sigliatta or burnished and fired to cone 08. There will be terra sig available at Marjons if you would like to pick some up, we can also fire you pieces to cone 08 for 5.00 per piece.

The pots should be free of rough texture and may not exceed 10” tall by 6” diameter. The pieces can be wheel thrown, hand built or sculptural. B-mix or white clay is recommended. Sandy white bodies will work, but the surface will be more difficult to burnish or terra sig, leaving a slightly textured surface.

Various chemicals will be applied to the surface of the pottery, each having its distinct color properties. Organic materials will be applied to the foil and the pieces will be wrapped in tin foil and fired to 1400 degrees.

There will be a limited number of pieces, vases and luminaries available to purchase for 25.00 per piece for the workshop. Please specify that you want to purchase pieces when you register. This will be first come first serve and pieces can be purchased the day of the workshop as well if they don’t sell out. It is time consuming to get your pieces burnished and fired, SO PLAN AHEAD!!!

[Refer to the technical page on the website for more details, a terra sig recipe and application techniques.](#)

Please bring your pieces, a lunch, and beverages. All other materials will be supplied by Marjons.

**The workshop will be at Marjon Ceramics.  
3434 W Earll Drive, Phoenix AZ 85017**

**To register, call Marjon’s at 602-272-6585.
