

Product Discovery

Product Discovery Workshop – Explore America’s Finest Colors

Welcome to the world of color according to Mayco. We have manufactured high quality ceramic products for over 50 years, including glazes, acrylics, molds, bisque and many other ceramic items. Product Discovery Workshop is an opportunity for anyone interested in the world of ceramics to learn, explore and create with glaze and clay.

Who Can Attend?

Ceramic Enthusiasts of all kinds including

- Potters
- Art Educators
- Hobby Crafters
- PYOP Owners and staff
- Ceramic Artists
- Students
- Any one interested in learning more about ceramics

What is the Course?

Product Discovery Workshop is a two-day session with an optional third day of clay including wheel throwing and hand-building. During Product Discovery you will focus on the features, benefits, attributes and application of various glazes manufactured by Mayco. What could be better than actually meeting the people that manufacture the glaze and the artists that design and create techniques on a daily basis? Nothing! Our excellent staff will share in the tips, tricks and "best practices" of America's Finest Glazes.

Clay Day - Let's get down in the mud by learning about clay, basics of wheel throwing and creating with clay tools and hand-building. Optional third day.

Time: 9 a.m. - 5 p.m. each day

Cost: \$120 per person for the two day workshop. Add the third day for \$55.

Includes:

- All supplies
- Desktop Reference Manual
- Lunch

Leave With:

- 9 ceramic projects
- 1 non-fired project
- Clay project (if you take the clay session)

Art Educators: Product Discovery provides 16 contact hours for CEU credits.

10 Projects that you will complete during the two-day event are listed below (click each image to view larger photo):

			
Crystal Crane	Cobblestone Tinting	Stacked Cups	Giraffe
			
Tulips in Bloom	Stoneware Bottle	Midnight Flowers	Elemental Flowers
			
Magic Metallics	Paisley Heart		

[Product Discovery Workshop at Marjons Ceramics Phoenix AZ](#)

Join Marjons Ceramics in Phoenix AZ and Mayco Colors for a Product Discovery workshop. In this two day workshop you will be able to try the wonderful glazes that Mayco has to offer and complete 10 projects.
