CG-713	Peacock Green	6.10	18.25

Mayco Crystal Glazes

These beautiful glazes transform in the kiln when small pieces of glass burst into color and intricate pattern during the firing process. Use alone for stunning effects, in glaze combination blending with Stroke & Coats®, Foundations® or Cobblestones, or simply as an accent to your design.

AS-510	White Opal	\$5.70	
AS-512	Black Diamond	5.70	\$17.35
AS-513	Golden Sand	5.70	

Non-Toxic Clear Glaze

AP Certified Non-Toxic | Cone 05-06

S-2101	Crystal Clear Brushing	4 oz: \$2.75, Pt: \$8.50, G: \$30.00, 3G: \$74.00
C-300	Matte Transparent	4 oz: \$2.75, Pt: \$8.50, G: \$30.00
S-2000	Crystal Clear Dipping	G: \$30.00 3G: \$74.00
NT-CLR	Clear One Dipping	3G: \$68.00

What is the difference between NTCLR and S2000?

The fundamental difference between these two dipping glazes is their co-efficient rates of expansion. NT-CLR's lower co-efficient of expansion (COE) improved its ability to withstand thermal shock and minimize crazing. S-2000 has a higher COE and is more tolerant of high expansion bodies.

Are you interested in using Low Fire glazes at higher temperatures?

Each low fire glaze displays cone 6 results on the product label under "Special Notes".

Mayco Low Fire Clear Glazes

Mayco Clear Glazes preserve and enhance the surface of your work. Functionally, clear glaze forms an impervious barrier that protects against liquids, dirt and abrasion. Aesthetically, our clear glazes provide a gloss or satin sheen over top of your colored glaze decoration. Please refer to specific product labels and our website for detailed instructions on use and storing clear glazes. These clear glazes are all non-toxic and food safe.

Stoneware Dry Glazes

Most of Mayco's Stoneware glazes are available in dry mixes. Our Stoneware Drys (or SDs) are perfect for the artist who uses dipping or pouring in their process. Fine and uniform particle size and a thorough dry mixing process make our Stoneware Dry glaze consistency so perfect that sieving is optional.

Q: Mayco Stoneware Dry Glazes don't have to be sieved. Why?

A: Our manufacturing process includes ball milling to very precise particle sizes. All you need to do to use Mayco Stoneware Dry Glazes is add water, slake, stir and Dip. You'll love the sheeting action when dipping and be please to find that our dry glazes will not settle out in your storage bucket.

Designer Stamps & Mats

Mayco's Designer Stamps and Mats make it easy to create designs in clay, on ceramic with glaze and upon craft surfaces with acrylics. The flexible rubber material allows for use on curved shapes without compromising design. For larger surfaces, Mayco's Designer Mats are sized 7" x 9" for more coverage with 10 great designs. Pressing on designs or stamping to create outlines with Designer Stamps and Mats are just a few possibilities. What will you create with Mayco's Designer Stamps and Mats?

Designer Stencils

Mayco's Designer Stencils are another way to add creativity and fun to your artwork. Easily create patterns by applying ceramic glazes, acrylics, textured paints, pastes or other decorating media on ceramic, fabric, glass, paper, wood and more.

Designer Silkscreens

With over 30 themes to choose from, Mayco's Designer Silkscreens are a great way to add highly detailed illustrations, patterns and graphics on ceramic, paper, fabric, wood, glass and other craft surfaces. Screen-print with paste made from AC-310 Silkscreen Medium mixed with either ceramic glazes (such as Stroke & Coats®, Designer Liner or Underglazes), acrylics or fabric paints. The high quality material of the Designer Silkscreens allows for repeated use with proper cleaning and storage.

Interested in converting your original artwork into a custom silkscreen? Download the template from our website to format your designs on a 15" x 12" screen and submit it for your very own, custom silkscreen. Visit <http://maycocolors.com/index.php/creative-tools/custom-silkscreens> for more information.

Xiem Studio Tools

"At Xiem, we are committed to developing the highest quality tools, competitively priced, and with the best service possible. Every Xiem Tool offers a simple solution and creative purpose. We are focused on good design, made with intention and quality execution without compromise. Xiem Studio Tools are the new essentials and the premier choice for clay artists."

-Kevin Xiem Nguyen, Owner & Founder

Mayco Quality Pledge

All Coloramics' products are designed and factory tested to meet our standards of quality and performance. We guarantee that every product we ship will perform in accordance with our recommended usage guidelines and we will replace any product that is proven defective because of manufacture at no cost.

It is the responsibility of the end user to determine the suitability of a product for any non-standard use.

We strongly recommend the test firing of glazes and/or application techniques new to the user, especially in commercial applications where large production quantities are involved.

Safety Information

Observing simple safety precautions will assure your experience with ceramic products to be a safe and pleasurable one. There is a variety of safety and product usage information on our website, including Safety Data Sheets (SDS), official product usage information and additional tips for use. We also provide a technical support consultant who can be reached via phone and/or email:

614-675-2031 - or - technical@maycocolors.com

Food Safe

Glazes bearing a Food Safe designation have been tested by an independent lab and have been found to be within standards and guidelines set by the Food & Drug Administration for use with dinnerware. Note: Glazes that are certified Non-Toxic are also Food Safe.

Not Suitable for Dinnerware Surfaces

These glazes, while technically Food Safe according to FDA standards, may not be suitable for dinnerware due to surface characteristics such as pitting, crazing, etc.

Product Labeling

All Coloramics glazes are submitted to an independent certified toxicologist for proper labeling in accordance with standards set by the American Society for Testing and Materials (ASTM), reference ASTM D-4236. We strongly urge that users read all labels as well as visit our website for more specific information on each product. Some verbiage and signage you will find on the label:

AP Certified Non-Toxic:

Products bearing the AP seal of the Art & Creative Materials Institute, Inc. (ACMI) are certified non-toxic. These products have undergone a toxicological evaluation by a medical expert and have been determined to contain no materials in sufficient quantities to be toxic or injurious to humans (including children) or to cause acute or chronic health problems. These products are certified by ACMI to be labeled in accordance with the chronic hazard labeling standard ASTM D-4236.

Caution Label:

Products bearing the CL seal of the Art & Creative Materials Institute ("Caution Label") contain ingredient(s) that are toxic or hazardous, but can be used safely with appropriate caution and according to label directions.
(Not intended for use Pre-K- Grade 6.)

Certified Non-Toxic:

Products bearing the Certified Non-Toxic seal have been reviewed by a toxicologist and deemed to have no health risk associated with the proper use of the product.

Additional Services

Bulk quantities: Any Mayco products are available for those in need of large volumes. Minimum purchase is 12 gallons for glazes; 5 gallons for acrylics. **Glaze Development:** Mayco's technical staff is available for consulting and development of custom glazes. Contact us for more information.

For any of the above services, please contact your Mayco distributor or Mayco Colors.
