

# Intermediate: Teapots

Friday, August 16<sup>th</sup>

From 10:00 a.m. - 5:00 p.m.

Workshop Fee \$100.00

---

In this 7-hour *intermediate* (need to know how to center, pull a wall etc.) workshop we will go over the building and assembly of quality, functional teapots.

Over the course of this workshop we will discuss the components of the teapot and how each part works, including trouble-shooting common problems. I will demo making the spout, body, and handle. You can either hand-build or wheel-throw your components, or a mix of the two.

Please bring your own tools, or purchase them before class. If you choose the throw, you must have wheel experience, this is an intermediate class we will not be learning the basics of wheel throwing or hand building.

Marjon's will bisque fire your pieces if necessary free of charge, and they will be available for pickup in 1-2 weeks

Marjon Ceramics, 3434 W. Earll Dr.  
Phoenix, AZ 85017
